INFORMATION CIRCULAR

(containing information as at October 19, 2016 unless indicated otherwise)

**For the Annual General Meeting
to be held on Wednesday, November 23, 2016**

SOLICITATION OF PROXIES

This Information Circular is furnished in connection with the solicitation of proxies by the Management of OCEANIC IRON ORE CORP. (the "Company"), for use at the Annual General Meeting (the "Meeting"), of the Shareholders of the Company, to be held on Wednesday, the 23rd day of November, 2016, at the time and place and for the purposes set forth in the accompanying Notice of Meeting and at any adjournment thereof. The enclosed Instrument of Proxy is solicited by Management of the Company. The solicitation will be primarily by mail, however, proxies may be solicited personally or by telephone by the regular officers and employees of the Company. The cost of solicitation will be borne by the Company.

APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the accompanying form of Proxy are Directors and/or Officers of the Company. **A SHAREHOLDER HAS THE RIGHT TO APPOINT A PERSON (WHO NEED NOT BE A SHAREHOLDER) TO ATTEND AND ACT FOR HIM ON HIS BEHALF AT THE MEETING OTHER THAN THE PERSONS NAMED IN THE ENCLOSED INSTRUMENT OF PROXY. TO EXERCISE THIS RIGHT, A SHAREHOLDER SHALL STRIKE OUT THE NAMES OF THE PERSONS NAMED IN THE INSTRUMENT OF PROXY AND INSERT THE NAME OF HIS/HER NOMINEE IN THE BLANK SPACE PROVIDED, OR COMPLETE ANOTHER INSTRUMENT OF PROXY. A PROXY WILL NOT BE VALID UNLESS IT IS DEPOSITED WITH THE COMPANY'S REGISTRAR AND TRANSFER AGENT, COMPUTERSHARE INVESTOR SERVICES INC., 100 UNIVERSITY AVENUE, 9TH FLOOR, TORONTO, ONTARIO, M5J 2Y1, OR BY TOLL FREE FAX AT 1-866-249-7775 NOT LESS THAN 48 HOURS (EXCLUDING SATURDAYS, SUNDAYS AND HOLIDAYS) BEFORE THE TIME OF THE MEETING OR ADJOURNMENT THEREOF.**

The Instrument of Proxy must be signed and dated by the Shareholder or by his attorney in writing, or, if the Shareholder is a Corporation, it must either be under its common seal or signed by a duly authorized officer.

A Shareholder who has given a proxy may revoke it at any time before it is exercised. In addition to revocation in any other manner permitted by law, a proxy may be revoked by instrument in writing executed by the Shareholder or by his attorney authorized in writing, or, if the Shareholder is a Corporation, it must either be under its common seal, or signed by a duly authorized officer and deposited at the Company's Registrar and Transfer Agent, Computershare Investor Services Inc., 100 University Avenue, 9th Floor, Toronto, Ontario, M5J 2Y1, at any time up to and including the last business day preceding the day of the Meeting, or any adjournment of it, at which the proxy is to be used, or to the Chairperson of the Meeting on the day of the Meeting or any adjournment of it. A revocation of a proxy does not affect any matter on which a vote has been taken prior to the revocation.

VOTING OF SHARES AND EXERCISE OF DISCRETION OF PROXIES

On any poll, the persons named in the enclosed Instrument of Proxy will vote the common shares (the "Common Shares") in respect of which they are appointed. Where directions are given by the Shareholder in respect of voting for or against any resolution, the proxy holder will do so in accordance with such direction.

IN THE ABSENCE OF ANY INSTRUCTION IN THE PROXY, IT IS INTENDED THAT SUCH SHARES WILL BE VOTED IN FAVOUR OF THE MOTIONS PROPOSED TO BE MADE AT THE MEETING AS STATED UNDER THE HEADINGS IN THIS INFORMATION CIRCULAR. The Instrument of Proxy enclosed, when properly signed, confers discretionary authority with respect to amendments or variations to the matters which may properly be brought before the Meeting. At the time of printing

this Information Circular, the Management of the Company is not aware that any such amendments, variations or other matters are to be presented for action at the Meeting. However, if any other matters which are not now known to the Management should properly come before the Meeting, the Proxies hereby solicited will be exercised on such matters in accordance with the best judgment of the nominee.

In order to approve a motion proposed at the Meeting, a majority of greater than one-half of the votes cast will be required (an "Ordinary Resolution") unless the motion requires a Special Resolution, in which case a majority of not less than two thirds of the votes cast will be required. In the event a motion proposed at the Meeting requires disinterested Shareholder approval, Common Shares held by Shareholders of the Company who are also "insiders", as such term is defined under applicable securities laws, will be excluded from the count of votes cast on such motion.

ADVICE TO BENEFICIAL SHAREHOLDERS

The information set forth in this section is of significant importance to many Shareholders as a substantial number of Shareholders are non-registered shareholders who do not hold Common Shares in their own name. Shareholders who do not hold their Common Shares in their own name (referred to in this information circular as "Beneficial Shareholders") should note that only proxies deposited by Shareholders whose names appear on the records of the Company as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Shareholder by a broker, then, in almost all cases, those Common Shares will not be registered in the Shareholder's name on the records of the Company. Such Common Shares will more likely be registered under the name of the Shareholder's broker or an agent of that broker. In Canada, the vast majority of such Common Shares are registered under the name CDS & Co. (the registration name for The Canadian Depository for Securities, which acts as nominee for many Canadian brokerage firms). The Common Shares held by brokers or their agents or nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, a broker and its agents are prohibited from voting shares for the broker's clients. **Therefore, Beneficial Shareholders should ensure that instructions respecting the voting of their Common Shares are communicated to the appropriate person.**

Applicable regulatory rules require intermediaries/brokers to seek voting instructions in advance of Shareholders' meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their shares are voted at the Meeting. The purpose of the form of proxy or voting instruction form provided to a Beneficial Shareholder by its broker, agent or nominee is limited to instructing the registered holder of the Common Shares on how to vote such shares on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Investor Communications ("Broadridge"). Broadridge typically supplies a voting instruction form, mails those forms to Beneficial Shareholders and asks those Beneficial Shareholders to return the forms to Broadridge or follow specific telephone or other voting procedures. Broadridge then tabulates the results of all instructions received by it and provides appropriate instructions respecting the voting of the shares to be represented at the Meeting. **A Beneficial Shareholder receiving a voting instruction form from Broadridge cannot use that form to vote Common Shares directly at the Meeting. Instead, the voting instruction form must be returned to Broadridge or the alternate voting procedures must be completed well in advance of the Meeting in order to ensure such Common Shares are voted.**

Although Beneficial Shareholders may not be recognized directly at the Meeting for the purpose of voting Common Shares registered in the name of their broker, agent or nominee, a Beneficial Shareholder may attend the Meeting as a proxyholder for a Shareholder and vote Common Shares in that capacity. Beneficial Shareholders who wish to attend the Meeting and indirectly vote their Common Shares as proxyholder for the registered Shareholder should contact their broker, agent or nominee well in advance of the Meeting to determine the steps necessary to permit them to indirectly vote their Common Shares as a proxyholder.

These securityholder materials are being sent to both registered shareholders and Beneficial Shareholders of the Company's Common Shares. If you are a Beneficial Shareholder, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of Common Shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf. The Company is sending proxy related materials directly to non-objecting Beneficial Shareholders pursuant to National Instrument 54-101. By choosing to send these materials directly to you, the Company (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions. The Company will not pay for an intermediary to deliver proxy related materials and voting instruction

forms to objecting Beneficial Shareholders (called OBOs for Objecting Beneficial Owners). OBOs have objected to their intermediary disclosing ownership information about themselves to the Company. Accordingly, OBOs will not receive the materials unless their intermediary assumes the costs of delivery.

The Company is not relying on the "notice-and-access" delivery procedures outlined in National Instrument 54-101 to distribute copies of the proxy related materials in connection with the Meeting.

STATEMENT OF EXECUTIVE COMPENSATION

In accordance with the provisions of applicable securities legislation, the Company had three "Named Executive Officers" during the financial year ended March 31, 2016, namely Mr. Steven Dean, Executive Chairman & Director, Mr. Alan Gorman, President & CEO, and Mr. Chris Batalha, CFO & Corporate Secretary.

COMPENSATION DISCUSSION AND ANALYSIS

Through its executive compensation practices, the Company seeks to provide value to its Shareholders through a strong executive leadership. Specifically, the Company's executive compensation structure seeks to attract and retain talented and experienced executives to achieve the Company's strategic objectives, motivate and reward executives whose knowledge, skills and performance are critical to the Company's success, and align the interests of the Company's executives and Shareholders by motivating executives to increase Shareholder value.

In light of continued challenging capital markets, the Company has taken significant measures to optimize and preserve its cash position. Part of which was evidenced through decreased consulting fees and management salaries paid to the Company's executive officers. Effective November 1, 2014, the Company renegotiated the consulting contract with Sirocco Advisory Services Ltd. ("Sirocco"), a company controlled by Steven Dean, as well as the employment contracts with Alan Gorman and Chris Batalha, to reflect reduced consulting fees/salaries. Moreover, the Company and management agreed to further reductions in consulting fees/salaries to Mr. Dean, Mr. Gorman, and the CFO, Mr. Chris Batalha, effective January 1, 2016 to further preserve its cash position.

Effective November 1, 2014, annual consulting fees paid to Sirocco decreased from \$330,000 to \$165,000, and was further reduced to an annual amount of \$115,000 commencing January 1, 2016. Alan Gorman's annual salary decreased from \$275,000 to \$250,000 on November 1, 2014, and was further reduced to an annual salary of \$175,000 beginning January 1, 2016. Chris Batalha's annual salary decreased from \$100,000 to \$75,000 on November 1, 2014, and was further reduced to an annual salary of \$60,000 commencing January 1, 2016.

During the year ended March 31, 2016, compensation to Mr. Dean consisted of granting of restricted share units and stock options for services in his role as an officer of the Company. Compensation to Mr. Gorman consisted of a salary, the granting of restricted share units, and the granting of stock options for services in his roles as CEO and President. Compensation to Mr. Batalha consisted of a salary, the granting of restricted share units and the granting of stock options for services in his role as CFO and Corporate Secretary. In addition, a company controlled by Mr. Dean received cash compensation for consulting services. The Compensation Committee reviewed and approved pre-determined performance objectives for the year which were used to assess bonus levels for services provided by Mr. Gorman and Mr. Batalha, as well as to a company controlled by Mr. Steven Dean. Performance objectives included a discretionary bonus tied to overall performance of the Company, the successful completion of financing to fund continued day to day operations for the Company, and successful arrangement of a strategic partner financing in preparation for the completion of a feasibility study. The Compensation Committee has yet to meet to review the performance objectives of the three existing NEOs for the 2016 calendar year.

The Board of Directors has established a Compensation Committee whose function is to monitor and make recommendations to the Board in respect of the total compensation paid by the Company to its Named Executive Officers. In determining the types of compensation and the amounts paid to the Named Executive Officers, the Compensation Committee takes into account the experience and track record of the individual Named Executive Officer, the Named Executive Officer's performance against agreed upon objectives, review of annual salary publications for similar sized mineral exploration and development companies as well as reliance on the experience and knowledge of the Committee members. In prior periods, the Compensation Committee also consulted a mining industry compensation survey produced by PricewaterhouseCoopers LLP.

Risk Considerations

Compensation provided to Mr. Dean, Mr. Gorman, and Mr. Batalha in their roles as executive officers includes long-term ownership through the granting of stock options. In addition, Mr. Gorman and Mr. Batalha received cash compensation for their respective roles as executive officers, and a company controlled by Mr. Dean received cash compensation for consulting services. This structure ensures that a significant portion of executive compensation (stock options) is both long-term and "at risk" and, accordingly, is directly linked to the achievement of business results and the creation of long term Shareholder value.

The Board also has the ability to set out vesting periods in each stock option agreement. As the benefits of such compensation, if any, are not realized by officers and directors until a significant period of time has passed, the ability of such persons to take inappropriate or excessive risks that are beneficial to their compensation at the expense of the Company and the Shareholders is extremely limited. Furthermore, all elements of executive compensation are discretionary. As a result, it is unlikely an officer would take inappropriate or excessive risks at the expense of the Company or the Shareholders that would be beneficial to his short-term compensation when his long-term compensation might be put at risk from such actions.

Due to the relatively small size of the Company and its current management group, the Board is able to closely monitor and consider any risks which may be associated with the Company's compensation policies and practices. Risks, if any, may be identified and mitigated through regular Board meetings during which financial and other information of the Company is reviewed. To date, no risks have been identified arising from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

Share-based and Option Based Awards

The Company has in effect a stock option plan (the "Stock Option Plan") in order to provide effective incentives to directors, officers, senior management personnel and employees of the Company and to enable the Company to attract and retain experienced and qualified individuals in those positions by permitting such individuals to directly participate in an increase in per share value created for the Company's Shareholders. The Stock Option Plan is an important part of the Company's long-term incentive strategy for its executive officers, permitting them to participate in any appreciation of the market value of the Common Shares over a stated period of time. The Stock Option Plan is intended to reinforce commitment to long-term growth in profitability and Shareholder value. The size of stock option grants to officers is dependent on each officer's level of responsibility, authority and importance to the Company and the degree to which such executive officer's long term contribution to the Company will be key to its long-term success. Previous grants of stock options are taken into account when considering new grants. The Company has also granted options to charitable organizations as part of its commitment to social responsibility.

The Stock Option Plan was approved by Shareholders at the Company's last annual general meeting which was held on November 16, 2015. The Company will be asking Shareholders to re-approve the Stock Option Plan at the Meeting. The significant terms of the Company's Stock Option Plan are set out below under the heading "Particulars of Other Matters to be Acted Upon – Re-Approval of Stock Option Plan".

In addition to the Stock Option Plan, the Company also has a restricted share unit plan (the "**RSU Plan**"), which allows the Board to grant restricted share units ("**RSUs**") to certain employees and non-employee Directors of the Company.

Use of Financial Instruments

The Company does not have a policy that would prohibit a Named Executive Officer or director from purchasing financial instruments, including prepaid variable forward contracts, equity swaps, collars or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the Named Executive Officer or director. However, management is not aware of any Named Executive or director purchasing such an instrument.

PENSION PLAN BENEFITS

No pension, retirement or deferred compensation plans, including defined contribution plans, have been instituted by the Company and none are proposed at this time.

MANAGEMENT CONTRACTS AND TERMINATION AND CHANGE OF CONTROL BENEFITS

Management functions of the Company have been performed by the directors and senior officers of the Company and are not to any substantial degree performed by any other person.

Pursuant to an agreement dated January 6, 2011, as amended October 15, 2013 and November 1st, 2014, with Sirocco Advisory Services Ltd. ("Sirocco"), a private company controlled by Mr. Steven Dean, Sirocco provides the services of Mr. Steven Dean, for various corporate consulting services to the Company, for an indefinite term in consideration for a monthly fee of \$13,750 plus GST (the "Fee"). Prior to November 1, 2014, the Fee was at an increased annual rate of \$330,000 per year plus GST. The November 1st, 2014 amending contract was a result of the Company's cash preservation efforts, by reducing consulting fees paid to Sirocco. The agreement also provides for a performance bonus of up to 100% of the annual equivalent Fee in each year to be determined based on objectives and weighting to be agreed annually with the Company's Compensation Committee. The Fee was further reduced to \$9,583 per month effective January 1, 2016 as part of the Company's cash preservation efforts. Sirocco may terminate the agreement on giving four months written notice. The Company may terminate the agreement on giving twelve months written notice. After notice, the Company may, at its option discontinue all or any portion of Sirocco's duties, but must continue to pay the higher of the Fee then in effect, and \$27,500 during the notice period. Had the agreement been terminated by the Company on March 31, 2016, Sirocco would have been entitled to be paid \$330,000 plus GST. In the event of a change of control of the Company, Sirocco has the right, at any time within 60 days following the change of control, to terminate the agreement, in which case it is entitled to be paid the greater of i) an amount equal to twenty-four times the Fee in effect at that time, together with the average performance bonus paid over the prior two years, but in any event not less than 50% of the annual equivalent Fee, and ii) \$825,000. Had the agreement been terminated on March 31, 2016 as a result of a change of control, Sirocco would have been entitled to be paid \$825,000 plus GST.

Under an employment agreement dated May 24, 2012, Mr. Alan Gorman agreed to an initial salary of \$275,000 per annum for his services in the capacity of President and Chief Operating Officer. Pursuant to an amending employment agreement dated October 24, 2014 Mr. Gorman agreed to an amended salary of \$250,000 per annum. The agreement was amended to reflect both Mr. Gorman's change in position from President and Chief Operating Officer to President and Chief Executive Officer and the challenging business environment. A further amending agreement was executed on October 14, 2015 (the "Gorman Agreement") providing for a salary per annum of \$250,000 prorated from October 15, 2015 to December 31, 2015, reducing to \$175,000 per annum prorated from January 1, 2016 to October 31, 2016. The Gorman Agreement includes a provision for additional stock options and restricted share unit allocations based on agreed objectives. The Company had in the past a cash performance system, however, the system has been suspended until capital market and business conditions improve. The Company may terminate the agreement on giving one months' written notice. After notice, the Company may, at its option discontinue all or any portion of Mr. Gorman's duties, but must continue to pay the relevant salary, benefits and performance bonus (if applicable) during the notice period. Had the agreement been terminated by the Company on March 31, 2016, Mr. Gorman would have been entitled to be paid approximately \$14,583.

The Gorman Agreement also contains a change in control provision. For the purposes of the Gorman Agreement, a "change of control" is evidenced by the election or appointment of a majority of new directors of the Company or the acquisition by any person or by any person and such person's affiliates or associates, as such terms are defined in the Securities Act (British Columbia), and whether directly or indirectly, of Common Shares of the Company which, when added to all other Common Shares of the Company at the time held by such person and such person's affiliates and associates, totals for the first time, fifty (50%) percent or more of the outstanding Common Shares of the Company. On a change of control of the Company, Mr. Gorman will have the right at any time to the date that is sixty days following the date of the change of control, to provide the Company with written notice to terminate employment, whereupon the Company will pay to Mr. Gorman an amount equal to the greater of i) one times Mr. Gorman's annual cash remuneration or ii) \$275,000. Had the agreement been terminated on March 31, 2016 as a result of a change of control, Mr. Gorman would have been entitled to be paid \$275,000.

Under an employment agreement (the "Batalha Agreement") dated November 14, 2014, Mr. Chris Batalha agreed to an initial salary of \$75,000 per annum for his services in the capacity of Chief Financial Officer and Corporate Secretary, with provision for an annual bonus and an allocation of stock options, as part of Mr. Batalha's performance bonus. The bonus is based upon the Company meeting key criteria each year, as mutually agreed between Mr. Batalha, the Executive Chairman, the President and CEO, and the Compensation Committee. The salary was reduced to \$60,000 per annum effective January 1, 2016. The Company may terminate the agreement on giving three months' written notice. After notice, the Company may, at its option discontinue all or any portion of Mr. Batalha's duties, but must continue to pay the relevant salary, benefits and performance bonus (if applicable) during the notice period. Had the agreement been terminated by the Company on March 31, 2016, Mr. Batalha would have been entitled to be paid approximately \$15,000.

The Batalha Agreement also contains a change of control provision. For the purposes of the Batalha Agreement, a "change of control" is evidenced by the election or appointment of a majority of new directors of the Company or the acquisition by any person or by any person and such person's affiliates or associates, as such terms are defined in the Securities Act (British Columbia), and whether directly or indirectly, of Common Shares of the Company which, when added to all other Common Shares of the Company at the time held by such person and such person's affiliates and associates, totals for the first time, fifty (50%) percent or more of the outstanding Common Shares of the Company. On a change of control of the Company, Mr. Batalha will have the right at any time to the date that is sixty days following the date of the change of control, to provide the Company with written notice to terminate employment, whereupon the Company will pay to Mr. Batalha an amount equal to 12 months' salary. Had the agreement been terminated on March 31, 2016 as a result of a change of control, Mr. Batalha would have been entitled to be paid \$60,000.

Chris Batalha was appointed to CFO and Corporate Secretary of the Company on November 14, 2014.

There are no other contracts, agreements, plans or arrangements that provide for payments to a Named Executive Officer at, following or in connection with any termination (whether voluntary, involuntary or constructive), resignation, retirement, a change in control of the Company or a change in a Named Executive Officer's responsibilities.

An aggregate of \$974,671 of the principal amount of the Debenture was converted into Common Shares, leaving an aggregate principal amount owing under the Debenture of \$2,025,329 which is convertible into 4,710,067 Common Shares of the Company at a price of \$0.43 per share. Sino-Canada now owns an aggregate of 8,335,000 Common Shares, the Debenture convertible into 4,710,067 Common Shares and 1,500,000 share purchase warrants (the "Warrants") convertible into 1,500,000 Common Shares of the Company at an exercise price of \$0.30 until April 9, 2017.

Under the policies of the TSX Venture Exchange, a "Control Person" is defined as any person that holds or is one of a combination of persons that holds a sufficient number of securities of a company so as to affect materially the control of the company or that holds more than 20% of the outstanding voting shares of a company. If, Sino-Canada were to convert the remaining principal amount of the Debenture into Common Shares and exercise its Warrants, Sino-Canada would hold in excess of 20% of the issued and outstanding Common Shares of the Company. Under TSX Venture Exchange policies, if the issuance of securities will result in the creation of a new "Control Person", a listed company must obtain disinterested shareholder approval prior to the issuance of such securities. In the case of the conversion of the Debenture, Sino-Canada provided an undertaking to the TSX Venture Exchange to the effect that they would not exceed 20% of the issued and outstanding Common Shares without first obtaining the approval of the disinterested Shareholders of the Company.

There are currently 47,233,124 Common Shares of the Company issued and outstanding. As of the date of this Information Circular, Sino-Canada owns, or controls or directs, directly or indirectly, 8,335,000 Common Shares (representing 17.65% of the issued and outstanding Common Shares). If Sino-Canada were to exercise the 1,500,000 Warrants, it would beneficially own, or control or direct, directly or indirectly, 9,835,000 Common Shares representing 20.18% of the then issued and outstanding Common Shares. If Sino-Canada were also to convert the remaining principal amount of the Debenture, it would beneficially own, or control or direct, directly or indirectly 14,545,067 Common Shares representing 27.22% of the then issued and outstanding Common Shares.

Sino-Canada may also be interested in providing financing to the Company in the future by the acquisition of Common Shares and/or securities convertible into Common Shares by way of private placement or public offering. Any such acquisition of Common Shares or exercise or exchange of convertible securities for Common Shares would likely result in Sino Canada becoming a Control Person, which would require prior approval of Shareholders. Convening a meeting of Shareholders to approve the creation of Sino-Canada as a Control Person would entail additional time and expense.

Shareholders are therefore being asked to approve the creation of Sino-Canada as a Control Person, pursuant to the exercise of Warrants currently held by Sino-Canada, the conversion of the Debenture, or pursuant to future acquisitions of Common Shares and/or securities convertible into Common Shares by way of private placement or public offering, and will be asked to approve the following ordinary resolutions at the Meeting:

BE IT RESOLVED, AS ORDINARY RESOLUTIONS, THAT:

1. The creation of Sino-Canada as a new Control Person, as such term is defined in the policies of the TSX Venture Exchange, of the Company, on such terms as are more particularly described in the Information Circular of the Company dated October 19, 2016 be and is hereby authorized and approved;
2. Any one director or officer of the Company, alone, be and is hereby authorized and directed to execute or cause to be executed, whether under the corporate seal of the Company or otherwise, and to deliver or cause to be delivered, all such documents, agreements or instruments and to do or cause to be done all such acts and things, as in the opinion of such director or officer may be necessary, desirable or useful for the purpose of giving effect to the foregoing resolutions, such determination to be conclusively evidenced by the execution and delivery of any such documents, agreements or instruments or the doing of any such act or thing; and
3. Notwithstanding the foregoing approval, the Directors of the Company be and are authorized to abandon all or any part of these resolutions at any time prior to giving effect thereto, without further notice to or approval of the shareholders of the Company.

Since the policies of the TSX Venture Exchange require that disinterested Shareholder approval be obtained, the foregoing resolutions must be passed by a simple majority of the votes cast by Shareholders who vote in person or by proxy at the Meeting, excluding the votes held by Sino-Canada (8,335,000 Common Shares).

Management recommends, and the persons named in the enclosed form of proxy intend to vote in favour of the resolutions creating Sino-Canada as a Control Person.

Re-Approval of Stock Option Plan

At last year's annual general meeting, the Company proposed and its Shareholders re-approved the Company's Stock Option Plan, which is a 10% "rolling" stock option plan. Under the policies of the TSX Venture Exchange, a rolling stock option plan must be re-approved on a yearly basis by Shareholders. - (c) the aggregate number of options granted to any one Person (and companies wholly owned by that Person) in a 12 month period must not exceed 5% of the issued Common Shares of the Company calculated on the date an option is granted to the Person (unless the Company has obtained the requisite Disinterested Shareholder Approval);

- (g) the minimum exercise price per Common Share of a stock option must not be less than the Market Price of the Common Shares of the Company, subject to a minimum exercise price of \$0.05;

- (h) options can be exercisable for a maximum of 10 years from the date of grant (subject to extension where the expiry date falls within a "blackout period" (see (o) below);
- (i) stock options (other than options held by a Person involved in investor relations activities) will cease to be exercisable 90 days after the optionee ceases to be a Director (which term includes a senior officer), Employee, Consultant, Eligible Charitable Organization or Management Company Employee otherwise than by death, or for a "reasonable period" after the optionee ceases to serve in such capacity, as determined by the board of directors of the Company. Stock options granted to persons involved in Investor Relations Activities will cease to be exercisable 30 days after the optionee ceases to serve in such capacity otherwise than by death, or for a "reasonable period" after the optionee ceases to serve in such capacity, as determined by the board of directors of the Company;
- (j) all options are non-assignable and non-transferable;
- (k) Disinterested Shareholder Approval will be obtained for any reduction in the exercise price of a stock option if the Optionee is an Insider of the Company at the time of the proposed amendment;
- (l) the Stock Option Plan contains provisions for adjustment in the number of Common Shares or other property issuable on exercise of a stock option in the event of a share consolidation, split, reclassification or other capital reorganization, or a stock dividend, amalgamation, merger or other relevant corporate transaction, or any other relevant change in or event affecting the Common Shares;
- (m) upon the occurrence of an Accelerated Vesting Event (as defined in the Stock Option Plan), the Board will have the power, at its sole discretion and without being required to obtain the approval of Shareholders or the holder of any stock option, to make such changes to the terms of stock options as it considers fair and appropriate in the circumstances, including but not limited to: (a) accelerating the vesting of stock options, conditionally or unconditionally; (b) terminating every stock option if under the transaction giving rise to the Accelerated Vesting Event, options in replacement of the stock options are proposed to be granted to or exchanged with the holders of stock options, which replacement options treat the holders of stock options in a manner which the Board considers fair and appropriate in the circumstances having regard to the treatment of holders of Common Shares under such transaction; (c) otherwise modifying the terms of any stock option to assist the holder to tender into any take-over bid or other transaction constituting an Accelerated Vesting Event; or (d) following the successful completion of such Accelerated Vesting Event, terminating any stock option to the extent it has not been exercised prior to successful completion of the Accelerated Vesting Event. The determination of the Board in respect of any such Accelerated Vesting Event shall for the purposes of the Stock Option Plan be final, conclusive and binding;
- (n) in connection with the exercise of an option, as a condition to such exercise the Company shall require the optionee to pay to the Company an amount as necessary so as to ensure that the Company is in compliance with the applicable provisions of any federal, provincial or local laws relating to the withholding of tax or other required deductions relating to the exercise of such option; and
- (o) an option will be automatically extended past its expiry date if such expiry date falls within a blackout period during which the Company prohibits optionees from exercising their options, subject to the following requirements: (a) the blackout period must (i) be formally imposed by the Company pursuant to its internal trading policies; and (ii) must expire upon the general disclosure of undisclosed Material Information; and (b) the automatic extension of an optionee's option will not be permitted where the optionee or the Company is subject to a cease trade order (or similar order under Securities Laws) in respect of the Company's securities.

"BE IT RESOLVED THAT the Company's Stock Option Plan be and is hereby ratified, confirmed and approved with such additional provisions and amendments, provided that such are not inconsistent with the policies of the TSX Venture Exchange, as the directors of the Company may deem necessary or advisable."

AUDIT COMMITTEE DISCLOSURE

ITEM 1: THE AUDIT COMMITTEE'S CHARTER

Purpose

The overall purpose of the Audit Committee (the "Committee") of Oceanic Iron Ore Corp. (the "Company") is to ensure that the Company's management has designed and implemented an effective system of internal financial controls, to review and report on the integrity of the financial statements and related financial disclosure of the Company, and to review the Company's compliance with regulatory and statutory requirements as they relate to financial statements, taxation matters and disclosure of financial information. It is the intention of the Board that through the involvement of the Committee, the external audit will be conducted independently of the Company's Management to ensure that the independent auditors serve the interests of Shareholders rather than the interests of Management of the Company. The Committee will act as a liaison to provide better communication between the Board and the external auditors. The Committee will monitor the independence and performance of the Company's independent auditors.

Composition, Procedures and Organization

1. The Committee shall consist of at least three members of the Board of Directors (the "Board").
2. At least two (2) members of the Committee shall be independent and the Committee shall endeavour to appoint a majority of independent directors to the Committee, who in the opinion of the Board, would be free from a relationship which would interfere with the exercise of the Committee members' independent judgment. At least one (1) member of the Committee shall have accounting or related financial management expertise. All members of the Committee that are not financially literate will work towards becoming financially literate to obtain a working familiarity with basic finance and accounting practices applicable to the Company. For the purposes of this Charter, an individual is financially literate if he or she has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Company's financial statements.
3. The Board, at its organizational meeting held in conjunction with each annual general meeting of the Shareholders, shall appoint the members of the Committee for the ensuing year. The Board may at any time remove or replace any member of the Committee and may fill any vacancy in the Committee.
4. Unless the Board shall have appointed a chair of the Committee, the members of the Committee shall elect a chair and a secretary from among their number.
5. The quorum for meetings shall be a majority of the members of the Committee, present in person or by telephone or other telecommunication device that permits all persons participating in the meeting to speak and to hear each other.
6. The Committee shall have access to such officers and employees of the Company and to the Company's external auditors, and to such information respecting the Company, as it considers to be necessary or advisable in order to perform its duties and responsibilities.
7. Meetings of the Committee shall be conducted as follows:
 - (a) the Committee shall meet at least four times annually at such times and at such locations as may be requested by the chair of the Committee. The external auditors or any member of the Committee may request a meeting of the Committee;
 - (b) the external auditors shall receive notice of and have the right to attend all meetings of the Committee; and

- (c) management representatives may be invited to attend all meetings except private sessions with the external auditors.
8. The internal auditors and the external auditors shall have a direct line of communication to the Committee through its chair and may bypass management if deemed necessary. The Committee, through its chair, may contact directly any employee in the Company as it deems necessary, and any employee may bring before the Committee any matter involving questionable, illegal or improper financial practices or transactions.

Roles and Responsibilities

9. The overall duties and responsibilities of the Committee shall be as follows:
